

WCI

WHYTE COMMUNICATIONS INC.
FLEET SERVICES

SERVING LAW ENFORCEMENT AGENCIES
FOR 20 YEARS

VEHICLE LIGHTING

WCI commits to provide the highest quality installation of reliable and high performing emergency vehicle lights. WCI enforcement vehicles include our Power Distribution Unit (PDU) and Wiring Harness which are fully labeled and allow for quick and easy trouble shooting. All full enforcement installations are warranted against installation defects for the life of vehicle.

PARTITIONS / PUSH BUMPERS/ VEHICLE PROTECTION OPTIONS

Exceptional design and installation are the primary goals with all our recommendations for the hard mounted equipment. All installations are done to manufactures specifications to ensure the highest level of safety and security.

MOUNTING SOLUTIONS

The mounting solutions provided by WCI are designed to increase productivity while reducing distractions and physical strain. Safety is a major consideration when recommending and assembling the console and or the mobile office. Havis products undergo the toughest testing in the industry.

WCI would be happy to provide safety testing white pages for all current models of enforcement vehicles.

12V INSTALLATION STANDARDS

All full builds include a WCI PDU and WCI WIRING HARNESS

- PDU's are labeled and easy to trouble shoot
- Wire harness uses the highest grade wire which is labeled every 12" for easy identification
- A single fuse is supplied to cut all aftermarket electrical from the factory wiring

HARRIS KENWOOD **ICOM**

Province Wide **P25 PROVIDOR** AFRRCS ready GPS tracking and Dispatch Solutions.

BODY WORN VIDEO

Is the newest tool for your officers to have a record of events that unfold during traffic and other events. The rugged durable unit is designed by a former Police Officer and is made to stand up to the demands of policing. The easy slide on – slide off feature makes for fast operation when the need arises. Body worn video eliminates false accusations and complaints by providing instant verification of events as they transpired.

IN CAR VIDEO

Provides you with a video record of all traffic stops, along with audio of the event. The video allows for most in car radar units to be interfaced, showing your target and patrol speeds making for airtight prosecution of offences. With a permanent video record of the event, it gives a firm defense of citizen complaints allowing for fast resolution of most complaints.
